

6.5 Case Study 5-Period 8 Setting

My friend moved into this apartment beginning of the year 2005.

Period 8 setting- Sits on 33 degrees (Northeast) and faces 218 degree (Southwest).The simple floor plan is as below:

Southeast Corner (Study Room) 6 3 7	South Side (Master Room) 1 7 3	Southwest Corner (Slide Door/Balcony) 8 5 5
East Side (Kitchen/Toilet/Washroom) 7 4 6	Center of the House (Living Room) 5 2 8	West Side (Living Room) 3 9 1
Northeast Corner (Main Door) 2 8 2	North Corner (Living Room) 9 6 4	Northwest Corner 4 1 9

Mountain Star in Charge of Person while Water Star in charge of Wealth

My Analysis:

First Observation:

Since the above setting is auspicious in period 8 with both Mountain and Water Stars located at its ideal sectors, wealth should not be a major concern.

The Truth: After moving into this house mere three months, his income improved significantly

(Stock broker).

2nd Observation:

The Kitchen door faces directly to washroom door and on top in the sector of east (2005 flying star of arguments and legal related issues) might result in constant argument among family members.

***The Truth:** Since three months ago, he and his girlfriend were constantly in argument over small and tiny matters.*

3rd Observation

Since the external factors like big construction sites still underway on the both green dragon and white tiger sector, the health might be affected as well but since this house setting with auspicious Mountain star, no **major** health problems involved.

***The truth:** since moving in, he took quite a number of sick leaves related to small health problems like coughing, cold and etc.*

4th Observation

The study room flying star combination of 637 might result in foot and hand related problems,

***The Truth:** More bruises found on my girlfriend's leg since moving into this house.*

P/s; It is important to note that especially for new house/apartment, in this case the owner just moved in less than 6 months, be careful that when diagnosing situation external environment must come first. The interior factors will only affect a person after three months.
