

6.6 Case Study 6- Period 7 Setting

My friend moved in to this house two years ago in Period 7.

Period 7 setting- Sits on 257 degrees (West) and faces 77 degree (East). The simple floor plan is as below:

Southeast Corner 8 6 4	South Side (Master-room and bedroom) 4 9 2	Southwest Corner (Dining Room) 6 2 4
East Side (Main Door) 7 3 5	Center of the House (Living Room) 9 5 7	West Side (Slide Door/Balcony) 2 7 9
Northeast Corner (Kitchen) 3 8 1	North Corner (Living Room) 5 1 3	Northwest Corner Fish Tank 1 6 8

Mountain Star in Charge of Person while Water Star in charge of Wealth

My Analysis

First Observation:

The above setting resulted in mismatched of Mountain and Water stars. Income and health should have been deteriorated

***The Truth:** The owner nodded his head in agreement that his income has a significant drop as much as 30%. While him and his wife's health also affected, but no major incidents occurred.*

2nd observation:

The combination of 279 in the West sector, on occasion might result in fire accidents.

***The Truth:** His wife has experienced burning newspapers in the Kitchen accidentally.*

3rd Observation

The bed room with 492 is bad for health.

***The truth:** Since this is a spare room no problem with that.*

4th Observation (not related to Flying star but numerology)

The floor number for this apartment is 12 and in Block 11, this combination results in enhancing relationships with spouse.

***The Truth:** The couple has married for 6 years and after moving into this house two years ago, their relationship is getting better and better.*
