*Mountain Star in Charge of Person while Water Star in charge of Wealth*

## **My Analysis**

### **First Observation:**

The above setting resulted in Good Mountain and Good Water stars. The income and health should not be the major concern, however since the washroom is built in the Master bedroom, the washroom door must be closed at all time with strong air suction filter.

***The Truth:** Since moving into this house seven years ago, the owner wealth increased significantly with investment in properties. But the health of his wife was not that good since the washroom's door inside the master bedroom was opened all the time with poor air suction filter.*

### **2<sup>nd</sup> observation:**

The combination of 848 in the Northwest sector will result in first born son baby.

***The Truth:** The owner has sons, age 3 and 5 since moving into this house.*

### **3<sup>rd</sup> Observation:**

The central box 957 might result in health related problems but since the owner placed a bronze stature, no major health problems.

***The truth:** The owner and his family are quite active in sports and like to jog. Beside his wife has a constant flu and sinuses related problem (attributed to the master bedroom's washroom door), no other major health concern.*

### **4<sup>th</sup> Observation**

The front door sector of 275 is having a fish tank here, since the combinations prone to fire accident.

***The Truth:** The couple moved in seven years ago and a small fire accident occurred while installing the fish tank, the owner recalled that they have to change the adaptors twice since then.*
