# 6.9 Case Study 9-Period 7 House Setting

The owner of the house moved in to this house 7 years ago in Period 7 building.

Period 7 setting- Sits on 90 degrees (East) and faces 270 degree (West) The simple floor plan is as below:

Southeast Corner		South Side (Kitchen)			Southwest Corner (Dining			
6	1	1			5		Table)	
6			2			8		3
						4		
East Side (Master Room))		Center of the House			West Side			
							(Main Door	)
7	2	5			9	3		7
5		7			9			
Northeast Corner		North Corner			Northwest Corner			
(Bedroom))		(Toilet)			(Bedroom)			
2	6	9			4	4		6
1		3			8			

Mountain Star in Charge of Person while Water Star in charge of Wealth

## My analysis

## First Observation:

Since this house setting is both good with water and mountain stars located at its best spots. The income and health should not be his concern.

**The truth:** My friend lives in this house together with his wife and son. After moving in to this house seven years ago, his income grew and his family is healthy.

## 2<sup>nd</sup> Observation:

The East sector with combination of 279 might result in fire accidents or short circuit related problems.

**The truth**: His family members including himself always experience short circuit and 'light' electrocution but no major problems arise from such incidences.

### 3<sup>rd</sup> Observation:

The house is full of unnecessary items and clutter around in the living room, bedroom and dining room that might affect his income these two years.

The truth: Indeed his income has dipped last two years.

### 4<sup>th</sup> Observation:

The northwest location with 468 is prone to foot and hand related accidents.

The truth: His son got foot diseases that underwent laser surgery couple years back.

Foote note: Period 5 is from 1944 to 1963 Period 6 is from 1964-1983 Period 7 is from 1984-2003 Period 8 is from 2004-2023
