**Auspicious Locations with Red Color (see below table)**

1. The Northwest sector is conducive for achieving academic excellence. Therefore, if you want to improve your academic qualities, this sector should be used for your bedroom or study room. To further strengthen such energy, you should place four lucky bamboo trees, four small plants or four wood calligraphy pens in this sector. **World events:** Countries in Northern Europe and Russia will be more peaceful and have celebrations to cheer about.
2. The Southwest sector with a 9-Purple star is conducive for events related to 'happiness' and 'celebration'. Marriage, pregnancy, promotion and career advancement are in this category. This will be ideal if such a star falls in your bedroom or living room. To strengthen this energy, you can place a plant, nine red roses or red colored carpet this Southwest sector. **World events:** Since the Period 8, 5-Yellow star is situated in this area, health issues related to blood poisoning, such as malaria, dengue or blood cancer, will have a higher probability of occurrence in countries like Nepal, India, Bangladesh or even Afghanistan.
3. The North sector is ideal for increasing wealth for salaried staff. It is best if your bedroom, main door or kitchen is located in this sector as this will help to harness the best energies of the Fortune 8-White star. Place either a cup of clean water or a fish tank in this locale. **World events:** Northern hemispheres will experience new growth and new opportunities. However, these will be rather taxing and exhausting efforts.
4. The East sector with 1-White star is related to harnessing relationships that can be of help in increasing wealth if you are not a salaried staff person. In other words, if you are doing business, or work as an agent or broker, you need to improve your relationships and thus your opportunities for pursuing leads and closing deals. Place either a cup of clean water or a music box in this sector. **World events:** Japan, Taiwan and the east coast region of

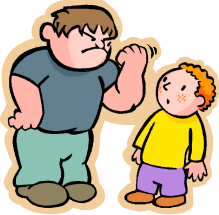

the USA will experience a boom in tourism!

5. The 6-White star, located in the Northeast sector, is ideal for skilled workers or technicians who want job stability. Place eight small white stones in this sector to strengthen such energies. **World events:** Korea, the Helongjian area and upstate New York will experience transportation obstructions such as railroad stoppages and major auto accidents.

#### **Inauspicious Locations with Black Color (see table below)**

1. The Southeast sector with a 2-Black star is prone to illness. Unless you do something to counter such bad energies you will constantly be using your sick leave for sure! In this sector you can place a metal-related item such as a music box or a metal statue. Do not panic though. This 2-Black star is only related to minor illnesses such as sinusitis, coughs and headaches! **World events:** Florida and Southeast Asia countries are prone to minor sicknesses that will affect the majority of their population.
2. The South sector with a 7-Red star is often associated with robbery and small theft events. Place a cup of clean water to drain such bad energies. **World events:** Indonesia, Australia and New Zealand will probably experience major car accidents or large earthquakes.
3. The 5-Yellow sickness star is located in the West sector and one should thus place six bronze coins or a metal plate or music box in the sector to fend off this bad health star. **World events:** Western Europe and the USA might face health problems related to drugs and poisonous issues.
4. The central area is associated with the 3-Green star and is linked to 'oral' arguments. The center of the house should not be disturbed and, ideally, a red or pink carpet should be placed here. **World Events:** There will be a tendency for central governments with internal discrepancies or differences among cabinet members to experience increasing difficulties resulting in the possible resignation of key ministers.
