What to expect in Period Eight

BASED upon the ancient principles that everything in life is governed by the rules of change, the ancient Chinese discovered ways to plot and predict these changes ahead of time. The Period Eight began February 4, 2004, and ends in 2023. It is represented by Kan Kua (8 Trigram left). Basic attributes of Kan Kua include young men, self-cultivation, medical-related, and northeast and earth elements in tis reign.

its reign.

Young Adults BUSINESSES catering to young men will flourish, and we can expect to see the number of young CEOs to multiply in *Fortune 500* companies. Even the leaders of countries will be younger in age.

Northeast

THE influence of the northeast region or countries will be noticeable; two great places of northeast are China and New York.

Earth element

Earth element ANYTHING related to natural resources, i.e. iron, copper, oil, gold, ceramics, aluminium, crystal and diamonds, to name a few, will be the focal areas of the fluctuation of prices and influence on the world economy. The Earth element also represents stability. In this period, we see all nations calling for stability, less war and a less destructive era. Let us work for peace. for peace

Self-cultivation

This is an era of self-study, self-

improvement and self-made millionaires.

Medical THERE will be a quantum leap in medical research in the West, especially related to Chinese medicine.

Number eight THE number eight will be the most auspiclous number of all. This number together with nine (second-most auspicious) will be the best numbers in the 20-year cycle.
