### **Obstructing Tai Sui (Grand Duke Jupiter)-犯太歲,太歲頭勿動土**

Tai Sui literally means that such star is fully in charge or in command for that particular year. This is heavily associated with the year Heavenly Stem(天干) and Earthly Branch(地支). The Heavenly Stem represents the 'heavenly energies' and thus the skies' energy; In Scientific terms, this is the magnetic field and radiation emission. While the Earthly Branch represents the earth's energies with directions. With the different combination of Heavenly Stems and Earthly Branches each year, such chemical reaction resulted in different directions energies, some are kind, and some are unkind. 2007 丁亥(Ting/Boar) for example, the North direction/sector is with a candle light fire element. **Imagine that Boar is heavy in water with the light fire energies interactions? What would the chemical reaction like? You tell me. Stock market crashing! Bankruptcy surging! Volatility! Volatility and volatility!**

Your letters and comments are always welcome!
