### **Bedrooms**

For bedrooms, one should place the Yin energy more than the Yang one, as bedroom is the place to rest and sleep. Therefore, the color should be the main focal point here. The light blue, light green, light beige, light pastel colors should be the choice. Should avoid colors such as dark blue, flashy, red and black colors that contain too much Yang energies. The ceiling, wall as well as floor require the balancing of such combination to provide soothing environment, the good air circulation is also important.

Avoid anything above your head or directly under a window, as this will cause headache. Exercise equipment, plants, computer, TV, entertainment set are said to bring in Yang energies therefore it is advised that one should not let all these into your bedroom. Keep clutter away from bedroom and keep the room in right temperature.

### **Bed position**

Place your bed diagonally in the room is almost the only choice in Feng Shui basic rule. This is to avoid the dashing of 'right through' energy to your head or feet by the door.

### **The Five-element Theory**

Ancient Greek materialist philosophers took water or fire as the origin of the world. Ancient Indian philosophers believed that the world originated from earth, water, wind and fire.

Ancient Chinese philosophers, however, took matter for the origin of the world. They believed that it consisted of wood, fire, earth, metal and water, which can be seen very often in human life activities. These were mutually related, conditioned and interchangeable, and could at the same time turn into an orderly control system.

#### **四.陽宅歌 4. The Yang Residential**

**人生最重是陽基,卻與墳墓福力齊,建國定都關治亂,築城置鎮繫安危,試看田舍豐者,半是陽基偶合宜.**

Both Yin and Yang Feng Shui is equally important. The Yin graveyard's energy impact on living beings in a more subtle manner while the Yang Feng Shui has a direct impact of the living beings. The interactions of living being with the environment are influenced by the magnetic fields because of the cosmic changes impact on earth. The residential that we live in has could absorb directly the solar as well as moon energies. The ancient Chinese architectures, buildings, towns, districts and even country planning were based on the Feng Shui principles. It is proven statically that half of those who live harmoniously with the environment with better quality of living and status than those who did not.

**陽居擇地水龍同,不用前篇議論重,但此陽宅真闊大,不爭秀麗喜粗雄,大江大河收氣厚,涓流滴水不關風,若若得亂流好織錦,不分元運也亨通.**

The requirement for selecting a residential (Yang) is the same with selecting the right water trail. The only mountain element that requires attention is a more broad and spacious base. Surrounding strong protections without leakages are essential. The ideal water base is from the river or ocean's abdomen. Throughout history the migrations were normally took place towards the costal regions or area with ponds or lakes. Delta regions are known to have many branches of water trails and some are even overlapping each other Such are will not require the calculation of time element to enjoy the right energies, since such powerful structure will produce continuous energies to that particular region regardless of time.

**宅龍論地水龍裁,尤重三門八卦排,只取三元生旺氣,引氣入室是胞胎,一門乘旺兩門囚,少有喜事不同留,兩門交慶一門休,大事歡欣小事悉,須用門門都合吉,一家福祿永無憂.**

The water trail element is critical in selecting a residential. Nevertheless, in the design of construction, '3 doors' are important to be considered. The main door that will induce the right energy to the home, the back door will ensure the flow of bad energies away from home, while all rooms' door will ensure the best energies to be harnessed. Together with the right Kua and time, such orientation will ensure the inflow of kind energies to home. Ideally, all three doors must be inline with the current star energies, otherwise mishaps as a result.

**三門先把正門量,後門房門一樣裝,別有旁門並側戶,一門獨出始為強.**

The main door is most important as this will induce the right kind of energies, the side door can be neglected or closed. Side door can be used only if the main door is inauspicious.

**門為宅路路為筋,筋骨相連血脈均,若是吉門兼惡路,酸漿不入不堪.**

The first entrance point to a residential is the channel where energy will be harnessed. The busy traffic of hallways or routes in the house serves like blood vessel in our body. The flowing of bloodstream requires no blockages or hindrances. The most important thing is the flowing of energy to the auspicious area to create kind energies. Likewise, the flowing of energy to the inauspicious area will create unkind

energies.

**內路常兼外路看,宅深內路低門闌,外路迎神並界氣,迎神界氣兩重關。**

Beside the important of '3 doors', the inner and outer roads of the said building are imperative to the inhabitants. The roads that we build will guide static, electron, heat and solar energy into our house and subsequent to all areas including rooms. Two scenarios with outer roads, the direct receiving road where the outer road is facing the house and the other one is horizontally bypassing the house where harnessing the energy is required.

**更有風門通八氣,牆穴屋缺皆難避,若遇祥風福頓增,若遇殺風殃立至。**

Wind is the factor that determining the right kind of energies flowing into the house. With the right combinations of nine periods, nine stars and nine energies, the right energy will be harnessed at its best.

**轟轟高高名嶠星,樓台殿閣亦同評,或在身旁或遙應,能迴八氣到家庭,嶠旺方能受蔭,嶠壓凶方死氣侵。**

A peak/bridge/range/tall tree/other building/cable poll/power station at vicinity will have an impact to home. The distances of such will have different degree of impact. The near object will have reflection of strong windblown but the solar reflection affected the most. We will welcome such object if it is located at auspicious area.

**衝嶠路衝莫輕猜,須與元龍一路排,衝起樂官無價寶,衝起囚官化作灰。**

Any object or road dashing the main entrance is not a good place to live. However, exception to the rule is that if current star is aligning with the right Kua such setting could harness the kind energies but within that particular period. The bad and unkind energies will have a catastrophe impact towards health and to some instances of litigation issues.

**村居曠蕩無關鎖,地水與門兩道編,城巷稠居地水間,路風門嶠亦同權,一到分房宅氣改,一門常作兩門看,有時內路作外路,入室私門是握機,當辨親疏並遠近,抽爻換象出神奇。**

The divergent of energies thorough the house and enter rooms can be different from the source. This means that door's location has its own auspicious and inauspicious area.

**論房神祠禮最嚴,古人營室廟為先,夫婦內房尤特重,陰陽配合宅根源,八宅因門坐向空,三元衰旺是真,運遇遷移宅氣改,人家興廢巧相逢。**

The areas for ancestors, living room, master-rooms etc are important when considering building a house. Eight mansions theory based on sitting direction must accompany the flying star theory because when inhabitant leaving the house, the whole energy setting will be different all together.

**天醫福德莫安排,此是游年剖凶吉,逢興鬼絕更昌隆,遇替生延皆困迫,九星層進論高低,問架先天卦數推,雖有書傳都不驗,漫勞大匠費心機。**

Tin Yee Fuk Tat Kua cannot be used, as this method is proven not working. Master Jiang told us to use the early year's bagua and flying stars.

**山龍宅法有妙功,八面山圖亦辨風,或有山溪來界合,兼山兼水兩相逢,若論來龍休論結,論結藏穴不藏官,縱使皇都與群會,祇審開陽不審龍,俗云龍去結陽宅,此是時師識見偏,但取陽居釀家福,山居不及澤居雄。**

Within an area of many ranges or peaks, to find a support for residential a critical. Surrounding support, any valley, free flow of wind thus energies are imperative. Finally yet importantly, the most important water element. It is meaningless, even if you live on highland or peak but you cannot find the water element. It is important to note that at his juncture, dragon point is irrelevant as the whole setting of mountain and water elements are priority.

陰居陰骨及兒孫,陽宅氤氳養此身,偶爾僑居並客館,恭堂香火有神靈,遇著三元輪轉氣,吉凶如響不延臣,透明此卷天元宅,一到人家識興廢。

Yin Feng shui or graveyard has an impact on next generation in a more subtle and slow manner while the Yang Feng Shui has a direct and compact impact on inhabitant. Depending on the period and orientation setting of the house that will be best and harmonious energies to the living beings.

**氣乘風即散,界水則止**

“Front is water back is mountain” of a residential is the essential principle of a good Feng shui.

Any wind that turns into energies will be stagnated or halted when meet with water. That stagnated or halted energies by water, created a completely new beginning of an evolution of life force. Those kind energies will serve to bring in wealth and thus improve the quality of life.

Water is wealth while mountain is the support!

Water is Yang while the mountain is Yin

Water is dynamic (Yang) while the mountain is quiet (Yin)

Support should be Yin while direction should be Yang.

Road is Yang while support is Yin. Without water road can replace the roll.
