The Book of Tao by Laotze-Tao The Ching

Chapter 10

Cultivation of Tao is easy or difficult

In keeping the spirit and the vital soul together,
Are you able to maintain their unity?
In controlling your vital force to achieve gentleness and harmony, can you behave like a baby?
Can you purify your mind without defect?
In loving the people and ruling the country,
Can you govern according to the "Law of Nature"?
In opening and closing the Gate of Heaven.
Are you able to understand the part of the Female?
In comprehending all knowledge,
Are you able to keep your purified mind and get rid of emotion and desire?
TO give birth and to nourish,
TO give birth and without taking possession,
To act without arrogance
To be leader among persons without controlling them,
This is called the Mystic or best virtue.

Chapter Eleven (The Utility of not Being)

Thirty spokes make one wheel.
The space in between and the spokes are required for the functioning of a wheel.
Clay is molded to make utensils,
The substance that makes the wall and the space within is both essential for these utensils.
Making doors and windows in the house,
From their non-being (empty space),
Comes the utility of the house.
Therefore, by the existence of things we benefit.
In addition, by the non-existence of things we are served.

Chapter 12

Person seeking for external self or sensuous world

Colors can blind our eyes,
Sounds can deafens our ears,
Flavors can dull our tastes.
Racing and hunting can madden our mind,
Lust for rare valuable goods tempts persons to do wrong.
Therefore, the Sage cares for the inner true self and not for the outer look of appearances.

Chapter 13

Favor and disgrace

Favor and disgrace make one feel dismay and surprise.

Only the sage knowing the true is free from favor and disgrace.

What does this mean?

“Favor and disgrace cause dismay and surprise”?

The people are dismayed and not at ease, whenever they possess or lose favor.

What does this mean?

“What we value and what we worry are within ourselves”?

We have worries because we have selfish selves or bodies.

However, when we are enlightened to know our spirit and soul as our true selves,

What else we have to worry?

Therefore, if one values the people on earth as his self, he can be trusted to manage the world.

In addition, if one loves the world as his self, he can be entrusted with the world.
