EASY FENG SHUI

11 DO and Don'ts of selecting a site for Home

1. **Avoid nearby flyover especially under it**
Besides suffering from a noisy traffic, such setting also brings unkind energies to the house.
2. **Sharp object directly facing your window or door**
When I said directly facing meaning that the object is at small eye level to your house or window, and distant apart does not caused too much concern for us.
3. **A direct road facing either your front door or rear door**
Such setting is said to bring unnecessary grievances or back stabber to family members be it at work of home.
4. **Too big of tree near your door**
Anything that is too big is bad to the family members. Such setting will block away any kind energy from entering your house.
5. **Nearby factory**
Any factory especially chemical factory poses health problems to members.
6. **All glass home**
Transparent home is bad for privacy and causes constant arguments among members.
7. **Avoid a round shape home**
It is a general saying is Chinese that the heaven is round and the earth is square. We human being can only live in a square shape home and only 'god' can live in a round shape home.
8. **Avoid hospital, funeral home and churches nearby**
Such setting is said to attract too much unknown energies to the vicinity. Such energies might be good or bad.
9. **Your front door with dying trees**
Such dying trees or plants nearby might cause health problems to members. At the same token, face retreating energies.
10. **Too small unit or too high**
Avoid selecting a house that is either too tall or too small in the area.
11. **A cross roads that mirrored like a scissor**
This is a no in Feng Shui principle; such setting might bring unkind energies to home that lead to mental disorder or depression
