

The Xuan Kong Zhang Pai Diagram

The Xuan Kong Zhang Pai diagram (See below) as compare to traditional Taichi (Yin and Yang) diagram of intertwining and exchanging of both Yin and Yang taking place is mutually compliment each other but the uniqueness lies in understanding the essence and rational behind the Xuan Kong Pai diagram.

The diagram composed of four sets of unique forces that contract and expands, stretch and pull each other, with Metal, Water, Wood and Fire elements are in constant dynamic while the Earth element is static. Rotating clockwise and anticlockwise as well as static, symmetrical to the 'particle' '1/2 particle' and four 'quarks' movements, all can be explained in physic term. '94', '16', '27', '38' with unique movements patterns that create and destruct, static or inertial that breads dynamism and vise versa. Once this is fully grasped, all Feng Shui theories like Flying Star, 8-Mansion as well as San He can be easily explained. The reason is simple because the source is the same.

玄空掌派圖式

玄空掌派圖式與世俗所傳者雙魚形陰陽交溝,互相啣連太極,有異曲同功之妙!

玄空掌派太極圖寓意世間萬物結構由微細元素組成,是有四組力量互相抗衡,相加,即金水木火土,土者不動.左旋,右旋,不旋,像似粒子世界反旋,自旋,不旋,與粒子世界二分一又半整數旋轉相似.上夸克,下夸克,奇異夸克,魅夸克,九四,一六,二七,八三相似,動而靜,靜而動,始則陽生,動之極則陰生,太極八卦之五行,苟能參透,順逆之術,旋數轉卦,法天象地,一旦貫通.八宅飛星三合六法各之理法,謂同出一源.
