The Chinese Month of Rabbit-Happy Year of Ox

March 4th-April 4th 2009

This is the Year of Ox with Annual star 9 in command with Star 4 arrives.

The combinations of annual 9-purple star and monthly 4 Navy Green Star resulted in 'a steadiness' of state as opposed to last month with large scale of fire accidents (Australia and Beijing) and health issues (Hong Kong and Europe) as predicted. Nevertheless North and South both in a 'rocky state' that require the attention of the regulatory. Visit to southwest region would be a good idea to harness to kind energy.

Summary:

Kind Sectors: Southwest

Unkind Sectors: South (Earth Quakes)/North (Fire and Health epidemic flooding)/Southeast(Earthquake)/East (Fire Accidents)

IN RED ANNUAL STAR WHILE IN BLACK MONTHLY STAR

Southeast/SHUN 8 3	South/LEI 4 8	Southwest/KWAN 6 1
East/CHAN 7 2	CENTRAL 9 4	West/TUI 2 6
Northeast/KAN 3 7	North/HAM 5 9	Northwest/KIN 1 5

Feng Shui is Ham Yu (KanYu)

Is the science of Environmental studies referring to?

1. The School of Forms, or topographical features that block gusty wind and funnel such energy to water that one can harness and sustain such energy especially kind energy or the cosmic breath.
2. Time aspect that relates to astrology and numerology that capture the cosmic breath at the right place, at the right time and for the right people.

Probably the easiest way to outgrow ourselves is through the response of compassionate

action.-Venerable Santacitto.

The Knowing that arises is above and beyond the process of thinking. It leads to not being fooled by thinking any more-Ajahn Chah

The mind of an enlightened human being is flexible; the mind of an ignorant person is fixed-Ajahn Sumedho

What Kuala Lumpur lacking to be Asia number 1!!!!

It is not the tallest building in the world, not the tallest telecommunication tower nor longest bridge that really matter. It is FENG SHUI MATTER.

Malaysia is well endowed with natural resources in areas such as agriculture, forestry and minerals. In terms of agriculture, Malaysia is one of the top exporters of natural rubber and palm oil, which together with sawn logs and sawn timber, cocoa, pepper, pineapple and tobacco dominate the growth of the sector. Palm oil is also a major generator of foreign exchange but Hong Kong and Singapore has none! Malaysia should out phasing Singapore as well as Hong Kong in many aspects but she did not! **The reason is simple; the capital city is lack of WATER!!**

Is all in Feng Shui lar...

Let us use basic Feng Shui principle of rear should have support and front should have water element. Kuala Lumpur would use the vicinity peak at the rear, as the mountain for support and that should be the Genting Highlands. (See below Google Map) We did not see any water element near the Southwest of KL.

The Support for Kuala Lumpur

Genting Highlands (About 1850m above sea level) is a mountain peak within the Titiwangsa Mountains on the border between the states of Pahang and Selangor of Malaysia. The driving distance to Kuala Lumpur is approximately in one hour.

View of Genting

The Water for Kuala Lumpur

(See the map; Water should be located at the Southwest of Malaysia or Kuala Lumpur)

What Malaysia need is the perhaps the biggest water fountain, pond (require revolving type) or lake in the region or at least in Malaysia.

Let's compare the three cities basic demographical stats from Wikipedia.

KL

- Landmass of 329,847 square kilometers (127,355 sq mi) –ranked 1st among three
- The population stands at over 27 million-ranked 1st among three
- GDP (PPP) 2007 estimate
 - Total \$359.271 billion-ranked 1st among three
 - Per capita \$13,385-ranked 3rd among three

Singapore

- Landmass of 707.1 km² (273.0 sq mi)-ranked 2nd among three
- The population of Singapore is approximately 4.84 million-ranked 3rd among three
- GDP (PPP) 2007 estimate
 - Total \$228.303 billion- ranked 3rd among three
 - Per capita \$49,754-ranked 1st among three

Hong Kong

- Landmass of 1,104 km² or 426 sq mi -ranked 2nd among the three
- It has a population of 6.9 million people-ranked 2nd among the three
- GDP (PPP) 2007 estimate
 - Total \$293.311 billion- ranked 2nd among the three
 - Per capita \$42,123-ranked 2nd among the three

In the case of Kuala Lumpur would want to get the engine going to improve the quality and standard of lives, just one simple thing will get all the acts together and keep moving forward. It is FENG SHUI MATTER!

With the immediate action (to build the long needed water element) in this period 8 (now till 2023), we would see the increasing importance of Malaysia in Asia next to China and in the Period 9 (2024-2043) we would see the presence of Malaysia would be respected in the world arena.

Year of the Ox Is Looking Inauspicious

"The mood is confused and desperate," said Kerby Kuek, a feng shui master and Chinese astrologer. "Two years ago, people would ask me if they should change from a medium house to a big house, or from a Nissan to a BMW.

"Now people ask me directly, 'When am I going to get laid off?'"

Mr. Kuek said he was getting the same fearful questions from clients as he heard in 2003, when Hong Kong was rocked by the epidemic of SARS severe acute respiratory syndrome. Foreigners fled, tourism disappeared, local people went around in surgical masks, and the economy, of course, buckled.

Hong Kong's other economic calamity came with the 1997-98 Asian financial crisis. Property values

dropped 50 percent.
