

I-Ching & The World of Metaphysics

Date: June 6th 12pm
Objective: The Real Dragon Point –Mother of Sun Yat Sun
Venue: Fei Ngo San, Hong Kong
Person Involved: Master Lau, Kerby Kuek and Jesse Ho

It is believed that the tomb site for the mother of Sun Yat Sun is not located at the real meridian point due to the fact that the trench of the mountain was still running and not halting. See the following site.

Judging from the frontier view (see below) as well as both green dragon and white tiger that did not embrace closely the site(曠), we concluded that the real meridian point should be lower from this site. Please see below!

This one that formed a nice bright hall (明堂) provide a better place for harnessing the kind energy. The left and right side is much well protected from gusty wind.
