2010 正面能量方位 GOOD ENERGIES SECTORS FOR 2010-尋找 14689

中宮 The Central Sector: The 8-Wealth Star is located here in the year 2010. This is the actual wealth sector of the year. It is suggested that you place a glass of water, or a moving item (fan/clock/water fountain) or water-plants (either 1 or 4 units), or place a fish tank in the East sector/grid of your home to ignite the luck of wealth. Logic tells us that you will have difficulties placing things in the middle of the house but use your creativity!

西北 The Northwest: The 9-Purple Star falls in this sector. This is the location of celebration/ joyful events. By igniting this area will have your career promotion or advancement should you need one? For those had been in a steady relationship and intent to get married but not planned yet, you should place 9 steams of red flowers or 'packets' in this location to execrate the process. However, be careful if you are married because by igniting such energy will also conducive to having a baby.

西 The West: The 1-White Relationship star located here this year. To boost your love luck and general social ability, place a glass of water or water-plant (1 or 4 pots) here. For those who are on irregular or non-fixed income basis like broker or dealmaker, you might want to make use of this location to help boost your income. The rational of boosting your social ability so that in order to turn relationship into clients stream.

東 The East: The 6-White Star is located here. This is the location of courage/ labour-intensive or those having a non-clerical job like in disciplinary squads, hardware technicians, or construction workers. If you want a side income /promotion, do place 8 white stones or a cup of clean water in the North sector of your house

北 The North: The 4-Navy Green Star is situated here. This is where the energies of intellectual achievement are located. To boost such energies, you can place 4 water-plants in the Northeast sector of your house. Or simply place a cup of clean water there would help too. Besides enhancing the luck of students and

scholars, such sector has positive effects on clear-mind. But bear in mind this year this place should avoid renovation or drilling work.

2010 負面能量方位 BAD ENERGIES SECTORS FOR 2010-避開 5237

西南 The Southwest: The 5-Sickness Star is situated here in 2010. This is the location of major sickness and it brings problems to your skin/respiratory/digestive system In order to fend off such bad energies, place either a bell/music box /wind chimes/metal keys/6 bronze coins in the south sector of the house. If your main door, kitchen or bedroom falls right on the South sector, you would even have more serious illness, please take immediate action to rectify such bad energies that effect your health.

東北 The Northeast: The 2-Illness Star is located here this year. This is the sector of minor illness that brings irritation to you whole year round. Certain minor health related problems like breathing respiratory system (i.e. throat, trachea, and lungs) /skin diseases that will bother you from time to time if you let it be. You can place metal object/music box/6 bronze coins/wind chimes/metal keys in this grid of your house to balance such bad energies

東南 The Southeast: The 7-Robbery Star can be found here. This is the sector where you will lose your money in investment in a big way. Place a cup of clean water in the Southwest sector to limit your losses in investment.

南 The South: The 3-Jade Star is situated here for 2010. This is the location of quarrels, grievances and fights and to fend off such bad energies you can place a red item here (carpet/packet etc) in the West sector of your home.

Places and sectors to avoid renovation and major constructions sites

1. North: since the San Sak (3 Destructive killing energies located here)
2. Southwest: The 5-sickness star located here
