The Book of Tao by Laotze-Tao The Ching

Chapter Twenty Three (to be in an accord with nature of Tao)

Less argument is more in accord with the nature of Tao

A violent wind does not last for the whole day

A sudden rain does not last for the whole day

Who can make such phenomena?

It is heave and earth

Even Heaven and Earth do not last long in its acting

How much less can man do?

Therefore, those who are cultivating Tao (Way) are in accord with Tao and they can study and discuss together.

Those who follow character (TAK) are identified with character

To face one suffering from loss, we must have compassionate minds to comfort him

He who is in accord with Tao

Tao is also happy to welcome him

He who is identified with character

Character is also glad to welcome him

To comfort one suffering from loss

The sufferer is happy with you

Tao being so abstruse someone is lacking in its existence

Therefore there is no need for you to argue about this subject with these people.

Chapter 24 (not to be greedy and eating too much)

He who stands on tiptoes will not stand firm

He who walks with long step will not walk well

He who shows off is not far-sighted
He who justifies himself is not distinguished
He who brags himself is not given credit
He who prides himself is not the leader for long
These in the eyes of Tao, are called 'having surplus burden'
When one has large surplus of food and holding too much high positions
He invites jealousy, disgust and trouble
A man of Tao will be free from such precarious situation

Chapter 25 (the truth of tao)

There was something undefined
Formless and inaudible
Coming into existence before heaven and earth
Silent and boundless
Standing also without change
Keeping on revolving ceaselessly
It is worthy to be the mother of the world
I do not know its name
But I called it Tao
Making an effort further I gave it another name called The Great
To be great is to go on
To go on is to be remote
To be remote is to return
Therefore
Tao is great
The Heaven is great
The Earth is great
The King (sage) is also great
In the world there are four that are great and the King (sage) so one of them
Man models himself after the Earth*
The Earth models itself after Heaven
The Heaven models itself after Tao
Tao models itself according to the Law of nature

*man, animals plants etc. living on earth but does not claim any credit and favor. It works in silence for others

Formula to calculate 60 cycle numeric numbers

Numeric number= (Heavenly Stems-Earthly Branches) multiply 5 plus Heavenly Stem

If the outcome is negative number, then add 60 to it.

For Instance: 乙酉 (2,10)

$$=2-10 \times 5 + 2$$

$$=-38$$

$$=60+ (-38)$$

$$=22$$

Formula to calculate annual White Purple star in central box

From Period 1 to 3 (1864-1923) = the balance of (65-numeric number)/9

From Period 4 to 6 (1924-1983) = the balance of (68-numeric number)/9

From Period 7 to 9 (1984-2043) = the balance of (62-numeric number)/9

Middle Line (空縫)

The Lo Kang reading shows that the line is exactly on the middle of two Kua numbers. This is not a good sign and might create turbulences in life. Below shows the summary of such incidences.

Water Method

Water is said to be the most critical element to dictate the wealth level of human beings. This is not hard to understand as most of the coastal regions in the world are prosperous and still growing. Tang's Dynasty Master Yang popularizes this method. It is believed that he is using the San He Method (三合) of Water formation, strong water and water storage agents to dictate the water flow in such a manner that will bring auspicious energies to the house. However, throughout my experiences, this method is not ideal and practical but worth to

understand its logic and formation.

| House Setting | Yang/Yin | Formation Water(長生) | Water Storage (墓) | Strong Water (旺) |
|---------------|----------|---------------------|-------------------|------------------|
| 甲 Yang Wood | Yang | 乾亥 | 丁未 | 甲卯 |
| 丙 Yang Fire | Yang | 艮寅 | 辛戌 | 丙午 |
| 庚 Yang Metal | Yang | 巽巳 | 癸丑 | 庚酉 |
| 壬 Yang Water | Yang | 坤申 | 乙辰 | 壬子 |
| 艮 Kan | Yang | 辛戌 | 丙午 | 艮寅 |
| 乾 Kin | Yang | 丁未 | 甲卯 | 乾亥 |
| 乙 Yin Wood | Yin | 坤申 | 壬子 | 乙辰 |
| 丁 Yin Fire | Yin | 乾亥 | 甲卯 | 丁未 |
| 辛 Yin Metal | Yin | 艮寅 | 丙午 | 辛戌 |
| 癸 Yin Water | Yin | 巽巳 | 庚酉 | 癸丑 |
| 巽 Shun | Yin | 庚酉 | 癸丑 | 巽巳 |
| 坤 Kwan | Yin | 壬子 | 乙辰 | 坤申 |

The method(s):

1. For Yang Setting the water be flowing should be from left to right, if other wise means inauspicious.
2. For Yin Setting: the water should be flowing right to left, if other wise means inauspicious.
